WEAREPLOT.

We Are Plot are a dynamic digital agency based in London. They compromise of a team of digital experts who are excited about unique ideas and help companies to create amazing online products by crafting top-notch UI/UX with effortless technology. With a passion for marketing, social and content creation, in short, they seek to level up your business.

Our Partnership

WAP work closely with us on several layers. Firstly, they are our incumbent agency that looks after our own marketing and brand strategy. Secondly, the team collaborates with us on client projects that require beautiful UI/UX visuals, and any design led requirements that need to on brand.

WAP have a highly talent team of designers that will ensure your brand is consistent and integrated throughout. Most recently they have also become expert in providing Salesforce Lightning UI layouts using the Avonni Prototyping tool.

Recent Case Study

Servum is currently being developed under the Consleague ISV Partner Programme, for release onto the AppExchange. It's a dynamic tool that is set to redefine the Wealth Management landscape to improve onboarding of new clients, improve data insight to assist IFAs in making better decisions and improve communication with the end client.

WAP was asked to created the initial UI/UX layouts for the product, which have been used as a proof of concept. Phase 2 is now underway to build the actual product using Avonni.

“ We Are Plot and Consleague have forged a strategic partnership to assist in providing a range of digital services that are required on internal projects as well as extending our resources to Consleague clients.
